FOR IMMEDIATE RELEASE

NORIBACHI NAMED TO INC. MAGAZINE'S EXCLUSIVE ANNUAL LIST OF AMERICA'S FASTEST-GROWING PRIVATE COMPANIES

Noribachi Ranks in the Top 1000 on the 2014 Inc. 5000 and Top 20 in the Manufacturing Category

LOS ANGELES, CA – September 4, 2014: Noribachi has been named to the Inc. 5000, an exclusive ranking of the nation's fastest-growing private companies. In its first appearance, U.S.-based Noribachi, pushed past the Top 1000 in the overall rankings as well as claimed a Top 20 spot in the Manufacturing category.

"We are honored to be included in Inc.'s 5000," said Esther M. Santos, COO of Noribachi. "Our growth is due our ability to engineer products to order, integrate the newest technology, adapt to customer needs and foster long-standing relationships like the one we have with DRK Enterprises."

Noribachi's growth has been aggressive since its 2008 inception. With the recent launch of its new distribution programs Quick Ship, which allows customers to purchase Noribachi's most popular LED fixture and light engine retrofit configurations from the standard product line and have them shipped within 48 hours, and Distributor Stocking which features the same products as Quick Ship but with a minimum order quantity and a 96 hour shipping guarantee, Noribachi is able to provide quality lighting solutions that outpace other companies in the market.

"Noribachi's customizable products and quick-to-market availability allows our company to serve our clients needs with unique lighting solutions and competitive pricing," said Dwayne Kula, President of DRK Enterprises. "I am not surprised by Noribachi's appearance on the Inc. 5000 and believe it's just the beginning."

About Noribachi:

Noribachi is a premier, U.S.-based, LED lighting and engineering firm providing customized illumination solutions for any application. Embracing a handcrafted and modular approach for developing custom LED solutions, Noribachi drives the lighting industry forward with a dedication to thoughtful product design and the principles of efficient energy use. All lights are custom-made in the U.S., with typical lead times of 4 weeks or less.

Noribachi LED solutions are independently tested and fully certified. More than 5,000 installations for Fortune 500 companies, leading government agencies, and world-class hotels in the U.S. can attest to Noribachi's enduring product quality.
