FOR IMMEDIATE RELEASE

NORIBACHI LAUNCHES HAZARDOUS SOLUTIONS (NHS) LED LIGHTING PRODUCT SERIES

New Series of Hazardous LED Lighting Products Deliver Unmatched Efficacy, High-Performance and Low-Maintenance in The Most Volatile Environments

HARBOR CITY, CA - July 29, 2015: Noribachi, a leading U.S.-based custom LED manufacturer for high output commercial and industrial lighting solutions, is proud to announce the launch of the Noribachi Hazardous Solutions (NHS) LED lighting product series.

The NHS LED lighting product series will initially comprise of 8 different fixtures. These include the "jelly jar", the troffer and spot lights. Each fixture will be offered with a variety of light engines including color LEDs. The fixtures meet NEC/CED Class I, II and III; Divisions 1 and 2; Groups A, B, C and D classifications as well as UL Testing Standards 844, 595, 1598 and 1598A.

"Our customers have asked us to utilize our Bespoke Manufacturing and Specifically Tailored (BEST) manufacturing methodology to deliver lights for hazardous locations," says Esther M. Santos, COO, Noribachi. "We are excited about introducing this product line to the market. We are sure that delivering light fixtures for hazardous locations in less than 4 weeks will have a profound impact on the industry."

Contact NHS@noribachi.com or call 949.NORI.LED (667.4533) for more information about the Noribachi Hazardous Solutions (NHS) LED lighting products.
