NORIBACHI ANNOUNCES EXPANSION OF LINEAR LED PRODUCT LINE

HARBOR CITY, CA – January 26, 2016 – Noribachi, a leading U.S.-based custom LED manufacturer for high output commercial and industrial lighting solutions, announced today that they have expanded their linear LED lighting product line.

“We are pleased to provide our customers with this expanded product line with 10 linear-style LED light fixtures,” said Christy Anderson, VP of Marketing, Noribachi. “We are bringing our methodology of BEST: Bespoke Engineered and Specifically Tailored manufacturing to this expanded line of products.”

“We are excited that Noribachi has an expanded linear LED product line,” said Bill Gauthier, President/CEO, JACOMB Lighting. “Linear form factors have completely taken over in retail, entertainment and commercial sectors in the last several years, and we are excited that Noribachi can bring its industry-leading expertise to this area of lighting.”

The expanded linear LED product line features fixtures that include flush-mount, recessed, corner and rounded profiles. Custom profiles are also available.
